OBJECTIVE

Aspiring Software Developer with a strong foundation in programming, problem-solving, and full-stack development. Skilled in multiple programming languages, databases, and frameworks, with hands-on experience through academic and project-based work. Seeking an opportunity to apply technical expertise to build scalable and impactful software solutions.

EDUCATION

Balbhim Arts, Science and Commerce College (Beed) — 2022 – 2025
Bachelor of Computer Science — *CGPA: 8.1/10*

Balbhim Arts, Science and Commerce College (Beed) — June 2019 – May 2020
Class XII (Science) — *Percentage: 80.50%*

TECHNICAL SKILLS

Programming Languages: Java, C/C++, JavaScript

Web Technologies: HTML, CSS, React

Backend Technologies: Node.js, Express.js

Databases: MySQL, MongoDB, Neon (PostgreSQL)

Developer Tools: Git, GitHub, VS Code, IntelliJ IDEA, Postman

Platforms: Windows, Ubuntu

PROJECTS

EduTrack Classroom and Student Management Portal | Java, Spring Boot, MongoDB, REST APIs — Dec 2025
- Developed a full-stack system for managing batches and student records.
- Implemented CRUD operations using RESTful APIs with NoSQL storage.
- Designed a Java-based client interface for seamless user interaction.

Chat Messenger with Log Facility | Java, Socket Programming — Sep 2025
- Implemented a peer-to-peer chat system with real-time messaging.
- Maintained chat logs with timestamps for future reference.
- Applied TCP/IP socket programming concepts.

Library Management System | React.js, Node.js, Express — Sep 2024
- Built a role-based Library Management System with separate Admin and User dashboards.
- Implemented user registration, book issuing/returning, email notifications, and book pricing management.
- Designed an automated overdue fine system that applies penalties when books are returned after the due date.

TRAINING

Java Full Stack Development Training | Marvellous Infosystem, Pune
- Completed Java Full Stack Development training covering Core Java, OOP concepts, JDBC, Servlets, and MySQL.
- Self-learned web development HTML, CSS, JavaScript, and React through hands-on projects and practice.
- Worked on mini full-stack projects involving RESTful APIs, database integration, and end-to-end application flow.

CERTIFICATIONS

Cyber Security Certification – Tech Mahindra Foundation (Skill India Digital Hub)

The above-mentioned information is authentic to the best of my knowledge.
